US Pat. 1104165 - Filed Feb 26, 1912

invention relates to **automatic wireless** train-control apparatus especially designed for use in connection with block signal ...**Automatic wireless service activation in a private local wireless system**

US Pat. 6643504 - Filed Jul 10, 2000 - AT&T Corp.

Automatic Private Service Activation (APSA) device 125 is shown connected by an ISDN/BRI connection to the controller 101. APSA 125 is essentially a ...**Auto-wireless shutter release control**

US Pat. 4707127 - Filed Feb 7, 1986

1- An **automatic wireless** remote control device ...

... The emitter 40 coding to claim 1 further including means for connect- ...

Wireless communications systems and method

US Pat. 7257426 - Filed May 26, 2000 - Johnson Controls Technology Company

BACKGROUND OF THE INVENTION 10 This invention relates to wireless ... which facilitates an **automatic wireless connection** and wireless communication of voice**[APPLICATION] Wireless communication system and method**

US Pat. 10371802 - Filed Feb 21, 2003 - Johnson Controls Technology Company

BACKGROUND [0002] This invention relates generally to wireless ... method which facilitates an **automatic wireless connection** and wireless communication of ...**[APPLICATION] Wireless communications system and method**

US Pat. 10127982 - Filed Apr 23, 2002 - Johnson Controls Technology Company

BACKGROUND OF THE INVENTION [0002] This invention relates to wireless ... which facilitates an **automatic wireless connection** and wireless communication of ...**Automatic call distributor with wireless connection with remote unit and method**

US Pat. 5400327 - Filed Sep 30, 1993 - Rockwell International Corporation

A channel bank is **WIRELESS CONNECTION WITH REMOTE UNIT** a multiplexing device which puts many slow speed AND METHOD voice or data conversations onto a single

...

[APPLICATION] Method for automatic wireless replenishment using DTMF

US Pat. 10059642 - Filed Jan 29, 2002 - General Motors Corporation

[0045] The updated call-use authorization data may be sent to the mobile vehicle using a **wireless call connection** and a DTMF transmission to the in-vehicle ...**[APPLICATION] Automatic wireless device configuration**

US Pat. 10321023 - Filed Dec 16, 2002

Knowing the current operator, a process 225 instructs **wireless** device 12 to ... process 245 requests the operator settings through a network connection. ...**[APPLICATION] System and method for providing automatic re-transmission of wirelessly ...**

US Pat. 9975128 - Filed Oct 10, 2001

A base transceiver station 110 provides a **wireless connection** to a plurality ... an apparatus and method that provides **automatic wireless** retransmission of ...**Stay up to date on these results using the patents RSS feed on automatic wireless connection.**
